## VEGETINE

IS RECOMMENDED BY ALL

PHYSICIANS.

VALLEY STREAM, QUEENS CO., LONG ISLAND, N. Y.

MR. H. R. STEVENS:—

Dear Sir,—I take the pleasure of writing you a small certificate concerning Vegetine prepared by you. I have been a sufferer with the Dyspepsia for over forty years, and I've had the Chronic Diarrhœa for over six months, and have tried most everything; was given up to die, and did not expect to live from day to day, and no physician could touch my case. I saw your Vegetine recommended to cure Dyspepsia. I commenced using it, and I continued doing so, and I am now a well woman and restored to perfect health. All who are afflicted with this terrible disease, I would kindly recommend to try it for the benefit of their health, and it is excellent as a blood purifier. By Dr. T. B. FORBES, M. D., for

MRS. WM. H. FORBES.

VEGETINE.—When the blood becomes lifeless and stagnant, either from change of weather or of climate, want of exercise, irregular diet, or from any other cause, the Vegetine will renew the blood, carry off the putrid humors, cleanse the stomach, regulate the bowels, and impart a tone of vigor to the whole body.

## VEGETINE

For CANCERS and

CANCEROUS HUMORS.

The Doctor's Certificate.

READ IT.

ASHLEY, WASHINGTON CO., ILL., Jan. 14, 1878.

MR. H. R. STEVENS:—

Dear Sir,—This is to certify that I had been suffering from a Rose Cancer on my right breast, which grew very rapidly, and all my friends had given me up to die, when I heard of your medicine, Vegetine, recommended for Cancer and Cancerous Humors. I commenced to take it, and soon found myself beginning to feel better; my health and spirits both felt the benign influence which it exerted, and in a few months from the time I commenced the use of the Vegetine, the Cancer came out almost bodily.

CARRIE DEFOREST.

I certify that I am personally acquainted with Mrs. DeForrest, and consider her one of our very best women. DR. S. H. FLOWERS.

ALL DISEASES OF THE BLOOD.—If Vegetine will relieve pain, cleanse, purify, and cure such diseases, restoring the patient to perfect health after trying different physicians, many remedies, suffering for years, is it not conclusive proof, if you are a sufferer, you can be cured? Why is this medicine performing such great cures? It works in the blood, in the circulating fluid. It can truly be called the Great Blood Purifier. The great source of disease originates in the blood; and no medicine that does not act directly upon it, to purify and renovate, has any just claim upon public attention.

## VEGETINE

I Regard it as a Valuable

FAMILY MEDICINE.

JANUARY 1, 1878.

MR. H. R. STEVENS:—

Dear Sir,—I take pleasure in saying, that I have used the Vegetine in my family with good results, and I have known of several cases of remarkable cure effected by it. I regard it as a valuable family medicine. Truly yours,

REV. WM. McDONALD.

The Rev. Wm. McDonald is well known through the United States as a minister in the M. E. Church.

THOUSANDS SPEAK.—Vegetine is acknowledged and recommended by physicians and apothecaries to be the best purifier and cleanser of the blood yet discovered, and thousands speak in its praise who have been restored to health.

## VEGETINE.

The M. D's Have It.

MR. H. R. STEVENS:—

Dear Sir,—I have sold Vegetine for a long time, and find it gives most excellent satisfaction.

## FROM WASHINGTON.

**Rapid Progress in the Senate—Good Prospect of Adjournment June 17.**

WASHINGTON, June 12.

The Senate is rapidly disposing of the bills on its calendar during the morning hours. Among those passed is one granting a pension to Mary Martin, mother, by adoption, of James S. Martin of the Fifth Vermont Volunteers.

The Conference Committees are making progress in the adjustment of differences between the two Houses on various bills, and the prospects of adjournment on the 17th are good.

THE MATTHEWS COMMITTEE.

The Matthews Committee will meet again at three o'clock today. Members of the committee say that the investigation will not begin until after Congress adjourns, and that a week will probably suffice to complete it. The details of the investigation have not been settled yet, and nothing has been done regarding a session of the committee in July and August, as reported in the Associated Press despatches yesterday. The committee expect to finish the investigation before the 1st of July.

They were met at the wharf here by Major-General Schofield and other officers, and a troop of cavalry and a battalion of engineers. Carriages were in waiting, and the distinguished party were escorted to the plateau. The corps of cadets received them with present arms in front of the barracks, the band playing "Hail to the Chief;" at the same time a Presidential salute was fired. The visitors were then escorted to Major-General Schofield's cottage.

The party included President Hayes and Mrs. Hayes, the Secretary of War, General Sherman, Attorney-General Devens and Mr. Hayes's son. Special exercises and drills are to be held this afternoon.

## LABOR TROUBLES IN QUEBEC.

### The Strike Culminates in a Riot.

### A STORE BROKEN OPEN AND PILLAGED.

### The Troops Called out and the Disturbance Quelled.

QUEBEC, June 12, 4 P. M.

The strikers have been plundering Renaud's flour store in St. Paul street, stopping traffic on the street and forcing Frenchmen to assist them in carrying off their plunder. B. Battery and police are now dispersing the mob.

THE BATTERY REPULSED.

Later.—The riot is on the increase. The strikers number some thousand. B. Battery was forced to retreat, the riot act not having been read on the ground. Capt. Provost, the adjutant and some others of the men were badly cut with stones. The mob has broken into Renaud's store and stolen therefrom nearly two hundred barrels of flour, compelling carters to take it away. The military are marching up and down St. Paul street attempting to disperse the crowd, but without avail.

THE DISTURBANCE FINALLY QUELLED.

Still Later.—The riot act has been read and firing has begun. One man is reported killed and several wounded. Several rioters and spectators are wounded. Capts. Short and Provost were badly cut with stones and some bullets are also believed to have taken effect in their arms and legs. Two or three of the mob received sabre cuts from the cavalry. Everything is now quiet. The rioters dispersed and B. Battery is guarding the Parliament house.

TROOPS SENT FROM MONTREAL.

MONTREAL, June 12, 10 P. M.

The following regiments left here at 9:45 P. M. for Quebec: The Victoria Rifles, the Prince of Wales Rifles, and the Fifth Fusiliers. Immense crowds saw them off.

A DESCRIPTION OF THE AFFAIR.

QUEBEC, June 12.

The city was virtually in the hands of the mob today. The military were called out by the Mayor, this morning, to prevent the rioters from wrecking the Peters mill. The riot act not having been read, they were forced to retire under a heavy shower of stones. The rioters then paraded the streets to the Parliament House, where they were met by Premier Joly, who addressed them, counselled them to keep quiet and orderly, and pitied their position, but informed them that if they violated law and order they certainly would not gain what they desired. He said he had secured one shilling more per day for them, which they said was not enough. Joly continued—Then if you want one dollar it is not by lawlessness you would secure it. There was a law for the poor as well as the rich. He treated no violation of it would be made by the strikers.

**THE OHIO REPUBLICANS.**

**State Convention at Cincinnati.**

CINCINNATI, June 12.

The Republican State convention opened at 11 o'clock. Judge Welch was elected temporary chairman.

After a short speech by Judge Welch, the presenting of resolutions by Wm. Ampt, and the appointment of committees, the convention adjourned to 2 o'clock.

The convention reassembled at 2 o'clock. Wm. Lawrence was chosen permanent chairman, and Judge William White was nominated for Judge of the Supreme Court, and Milton Barnes for Secretary of State, both by acclimation.

The papers revive an old story of a woman who "wished she was in Beelzebub's bosom;" and on being told she meant "Abraham's bosom," replied, "La me, what is the difference? they were both good old saints."

## Mensman's Pepionized

## BEEF TONIC!

The great necessity for a fluid food that would possess all the elements necessary for the support of the system, having been long felt by the medical profession, we call attention to this preparation, containing the

ENTIRE NUTRITIOUS PROPERTIES

of the muscular fibre, blood, bone, and brain of a healthy bullock, dissolved and semi-digested by aid of heat and pepsin, and preserved by spirit; thus constituting a most perfect nutritive, reconstructive tonic.

It is not a mere stimulant, like the now fashionable extracts of beef, but contains blood-making, force-generating, and life-sustaining properties, pre-eminently calculated to support the system under the exhausting and wasting process of fevers and other acute diseases, and to rebuild and recruit the tissues and forces, whether lost in the destructive march of such affections, or induced by overwork, general debility, or the more tedious forms of chronic disease.

It is friendly and helpful to the most delicate stomach, and where there is a fair remnant to build on, will reconstruct the most shattered and enfeebled constitution. It is entirely free from any drugs.

It is prepared after a thoroughly tested and scientific method.

## GENERAL ASSEMBLY.

JUNE SESSION—AT PROVIDENCE.

SENATE.

WEDNESDAY, June 12.

The Senate was called to order at 11 o'clock by Governor Van Zandt.

By request His Honor the Lieutenant Governor was excused from further services on the special committee on the insolvent law, as he was necessarily absent from the city.

The Governor called up the petition of Henry A. Steere, of Glocester, for pardon and release from the State Prison.

On motion of Mr. Bourn, of Bristol, the prayer of the petitioner was granted, and the necessary resolution of pardon was adopted.

The Governor said he had received many applications for pardon—the largest number he had ever known, but this case was the only one he should recommend now. The others he should pass over until the January session.

The Governor appointed Mr. Sherman, of South Kingstown, to serve upon the special committee on the insolvent law, in the place of Lieut. Governor Howard.

Mr. Wright, of Foster, offered a joint resolution of adjournment, from 12 o'clock to day to the second Tuesday in January.

Mr. Tobey said he could not vote for the resolution. We have come here to pass an insolvent law. It is needed to take the place of the repealed national law, and if we don't have it there will arise distress and confusion to our business men. We are not justified in leaving this matter undone.

Mr. Tillinghast of Pawtucket, said he was also opposed to the resolution.

Mr. Bowen suggested that the resolution be amended to make the adjournment to the first Monday in August.

The resolution was suffered to lie on the table for the present.

Invitation to join the House in Grand Committee was accepted, and the Senate departed for that purpose.

HOUSE OF REPRESENTATIVES.

Mr. Sheffield called from the table the Senate amendment to chapter 198, exempting from attachment the sum of $20 of salary as wages. Referred to committee on the judiciary.

Mr. Smith, of Providence, offered an amendment to Section 17, Chapter 88 of the General Statutes "Of Dogs," allowing dog officers to make returns in October instead of July. Referred to the committee on the judiciary.

Mr. Barrington of Barrington, offered an amendment to Chapter 530, General Statutes, "Of Fisheries." The amendment proves a penalty of $15 for taking in bass as now prohibited, but for which no penalty has heretofore been attached to the violation of the law. The amendment was read and passed.

Mr. Fay, of Newport, offered a resolution appropriating $1,000 for the enlargement of the keepers' department of the Newport jail, the work to be done and money expended under the supervision of a joint special committee. Referred to the committee on city property.

Mr. Cooke, of Warren, for the Committee on Finance, reported back the petition of the First Light Infantry Veteran Association, with the Senate resolution appropriating $2000, recommending a substitute resolution appropriating $1000 for assisting the Association to celebrate the Centennial celebration of the Battle of Rhode Island. Mr. Cooke spoke in favor of the substitute resolution. In the present condition of affairs the State cannot be very liberal.

Mr. Westcott, of Warwick, was opposed to any appropriation at all in view of the condition of business. His town had curtailed expenses and in justice to his constituents he would oppose the resolution.

Mr. Watson, of Portsmouth, was opposed to any appropriation while the State and country is so burdened with debt. The time has arrived for retrenchment and he hoped the money would not be appropriated.

Mr. Payne, of Providence, favored the appropriation, and thought the gentleman who had spoken against it had taken the right view of the matter. Great events should be appropriately celebrated, and it was due to the people that the State should enable them to manifest an interest in the celebration of the Battle of Rhode Island.

The yeas and nays were then taken, on the passage of the resolution, with the following result:

AYES—Messrs. Baker, Barrington, B. E. Carpenter, G. B. Carpenter, E. C. Clarke, Colt, Comstock, Congdon, G. L. Cooke, Farnsworth, Fay, Gregory, H. A. Jenckes, Miles, C. E. Paine, A. Payne, Peabody, Peckham, Pendleton, H. J. Spooner, W. H. Spooner, H. A. Stearns, Vaughn, White, Whitman, Wightman—26.

NAYS—Messrs. D. O. Angell, Smith Angell, Beattie, Briggs, Burdick, C. C. Burnham, G. H. Burnham, Chickering, D. A. Clark, Collins, C. F. Cooke, Fenner, Johnson, Manchester, McGuire, Jr., Mitchell, Mowry, Newell, Rathburn, Seabury, Sheffield, Staples, Steere, Sliness, Tingley, Tucker, Watson, Westcott, Wood—30.

The substitute having been lost the question recurred upon the passage of concurrence with the Senate resolution appropriating $2000.

Calls were made for the yeas and nays, but were not sustained, and then on motion of Mr. Sheffield of Newport, the Senate resolution was laid on the table.

Mr. Farnsworth, of Pawtucket, presented a memorial of Battery A (Tower Light Artillery) of Pawtucket, representing that they own a lot of land with an armory thereon, and that there is a first mortgage of $3,500, taken by the Providence County Saving Bank, with two subsequent mortgages by the State for $2,000. The property is to be sold by the bank on the 6th of July next, and the memorialists ask the State to take such interest in the matter as will protect the State. Referred to the committee on finance.

Mr. Sliness of Providence, gave notice of an amendment to Chapter 105 of the General Statutes providing that mortgagees may give notice through advertisement of intention to bid at sales at auction of mortgaged property.

Mr. Wood of Johnston, offered a resolution, which was passed, inviting the Senate to join the House in Grand Committee for the purpose of electing beneficiaries to Brown University and Justices of the Peace.

The invitation was accepted forthwith, and the Senate joined the House.

IN GRAND COMMITTEE,

the Governor in the chair.

A large number of the Justices of the Peace were elected.

Henry A. Townsend, of Providence, was nominated a State beneficiary to Brown University.

I know people that have rooms for ten francs a week, and get their meals for five francs a day. On the other hand, I could name others who pay 110 francs, or $35 a day, for a suite of rooms alone. There is no place where you can live so extravagantly and so economically as in Paris. There is no place where so much money is spent and so much money saved as in Paris. The visitors, however, do the first, the residents the second. The French have a quiet contempt for a man who throws away his money, even as they profit by his profligacy. —[Colonel Forney.

## AN AMUSING FEATURE OF THE ENGLISH STRIKES.

The English strikes are not without their amusing features, and at least one man has made something out of them. An American musician, who was suffering for lack of cash, dressed himself as a mechanic, and went to one of the towns where a strike was in progress. On leaving the train he was accosted by a strikers' committee, who found out that he had come to work, and was induced to return by a pecuniary present. Going a short distance, he took another train and returned to another part of the town, where he was met by a delegation and again paid to leave. This operation he kept up until he had secured a very comfortable sum.

**BUSINESS NOTICES.**

THERE IS TROUBLE IN STORE

For those who neglect to rectify irregularities of the stomach, liver and bowels, which they foolishly imagine will "come right of themselves." Of this silly error such persons are usually disabused by the development of some serious chronic malady, traceable to what they were pleased to consider a trifling disorder of the above named associate organs. Such a culmination is easily avoided. A course of Hostetter's Stomach Bitters invariably has the effect of renewing the secretive action of a torpid liver, restoring healthy digestion and assimilation, and rendering the habit of the body perfectly regular. The activity of these all important functions being restored, and the entire system toned and regulated by this incomparable corrective and invigorant, no danger to the general health is to be apprehended from causes which, if not eradicated in time, will assuredly undermine it.

## The Newport Daily News and the Newport Journal.

The Newport Daily News is published every afternoon, (Sundays excepted,) at the News building, 18 Church street, by Davis & Pitman.

The Newport Journal is published at the same office every Saturday morning, and contains a selection of the best matter in the Daily, including editorial discussions of the topics of the week, literary miscellanies and at least one good story, the latest markets, and a complete and comprehensive summary of the news,—local and general. The Journal is a large, 32 column paper, and contains a large amount of reading matter that is valuable to readers in town or country who desire a good Newport paper, but who do not take a daily from this city.

Complaints regarding the irregular or improper delivery of either paper should be sent to the office at once.

SUBSCRIPTION RATES.

The Daily News, $6 per annum, or 12 cents a week, payable to carrier.

The Newport Journal. Terms $2 00 a year. A discount of 50 cents is made when the WHOLE YEAR is paid STRICTLY IN ADVANCE. These terms are invariable.

ADVERTISING RATES.

Ordinary advertisements, $1 a square, for the first insertion, and 25 cents for each continuance. Ten lines or less, in this type, make a square. Advertisements in reading matter, are charged for, at 50 per cent. extra, and are subject to editorial revision. A discount on these rates is allowed on all advertisements ordered in the daily for one week or longer. Funeral notices 50 cents each. Yearly advertisers are limited to their immediate business and are allowed twenty five changes a year. No gratuitous advertising for any object. The circulations of the News and Journal being necessarily distinct, an advertisement inserted in both papers will reach entirely different sets of readers. As further inducement for advertisers to use both the News and Journal, a liberal discount on the combined rates is made.

PRINTING.

Connected with the News is a large and well appointed job printing office. All orders for work in this department will be promptly filled, and at reasonable prices. The patronage of the public is respectfully solicited.

## THE DAY.

The ex-King of Hanover died yesterday.

Quebec had a touch of mob law yesterday.

The weather continues to clear up frequently.

The contest over the Vanderbilt will has been resumed.

Geo. H. Norman, of this city, has been elected one of the directors of the American Peace Society.

Dr. C. B. Porter, of Boston, arrives at Conanicut Park today, and takes possession of his cottage for the season.

The cable reports hot weather in Rome and a heavy fall of snow in Scotland. Tourists can take their choice.

Miss Harriet Hosmer's colossal statute "Zenobia," which cost the owner $7,000 has been sold for the low price of $2,750.

The German Government has definitely declined an invitation to attend an international congress on coinage reform.

That was an unfortunate shower for Providence yesterday as it broke up a game of base ball which had only just begun.

It is rumored in England that Disraeli is going to marry the Queen; or, if you please, that the Queen is going to marry Disraeli.

The English strikers hold out with remarkable tenacity. Eight thousand of them were in council Wednesday and resolved to stick.

A Tally-Ho coach which started from Newburyport for Boston yesterday morning was upset at Lynn and several people were severely and one probably fatally injured.

The Boston Post says "Already Uncle Samuel Tilden has applications for Post Offices in '81." Exactly. That is just what the patriots are after. The cry of fraud is not for mere amusement.

Fernando Wood is disgusted at the failure of his tariff bill. It is well for the country that it was defeated. If the many are to be taxed for the benefit of the few, it matters not much as to the form in which it is done.

The General Assembly met in special session yesterday. It has sometimes been charged on the legislative bodies that they continue in session for the sake of drawing pay. That can scarcely be charged on our representatives, as they work for two dollars a day.

The fishing steamer Joseph Church, of Tiverton, well known here, while going through the draw at Stone Bridge yesterday, loaded with fish, struck a bulk-head and was so badly damaged that she immediately sunk. She will probably be raised without much difficulty.

The Astor family has been distinguishing itself by the perpetration of good deeds. Only the other day Mrs. J. J. Astor sent one hundred happy little folks to homes in the West. Yesterday, when the corner stone to the new St. Barnabas's Home and Chapel was laid, it was discovered that the same lady had defrayed the expenses of the erection of the building by a contribution of $17,000.

The passage of the River and Harbor bill by the House in Washington shows that the Democrats in Congress are not afraid to steal. The passage of the bill in the Senate, after amending it so as to take still more of the public money, is evidence that the Republicans are more hardened thieves than their opponents. The whole thing is a huge swindle and Democrats and Republicans alike are parties to the transaction. Party pressure will doubtless compel President Hayes to sign the document, when the robbery will be complete. To the honor of faithful men it should be said that there were many in both parties who refused to give the measure their support.

Mr. Beecher said some capital things in his sermon on Sunday last. He preached on the subject of growing old, and scolded people for letting themselves grow old. "Don't talk about your age," said he; "keep young, and keep with young people. There are only two persons who have the right to shelve you—your doctor and your sexton. No one else. It is ignominious to see men sitting down in indolence simply because they are growing old. Don't seek easy ways; easy ways lead to rust. Don't talk about yourselves; don't talk about your age; and, for decency's sake, don't talk about your diseases! If you know that you have the rheumatism, that is enough. Don't be prematurely old; don't be older in your feelings than you are in fact. Know what is going on in the world. Don't get out of anybody's way, and, above all, don't get in your own. Mingle with the young; enjoy their pleasures; keep young to the last. Blessed be the man who goes to heaven as a boy!"

### DEATH OF MR. BRYANT.

The news that William Cullen Bryant had passed away from earth flashed over the civilized world yesterday, and carried sorrow to millions of human hearts. He was a man so well known, and so universally respected and loved, that the nations sit today as mourners. The morning papers are filled with tributes to his genius and worth, and never was praise more worthily bestowed. Such a life as he lived is a benediction to the race, and it is well to treasure his memory. We gave in the News a brief sketch of his life and literary labors when he was first stricken down, and will not attempt a repetition. It is perhaps enough for us to say that the loss of such a man is a public calamity. But he has left us a legacy rich in blessing. As a poet, editor and citizen, he had no superiors and few if any equals. Mr. Bryant was born in 1794 and died in the 84th year of his age.

### THE INVESTIGATION.

The investigation into the management of the last presidential contest, now going on in Washington, still attracts public attention. When the movement was inaugurated it was felt to be full of peril, and the best men of all political parties were opposed to its prosecution. The country had passed through so many dangers and was still in such sore trials, that it was hoped to avoid additional burdens, and steer clear of fresh complications. It was well understood that the originators had no less an object in view than the overthrow of President Hayes, and the instalment of a successor of opposite political faith, and it cannot be denied that this is still their purpose. But the good sense of the people has already put this out of the power of the agitators, and Democrats and Republicans, both in and out of Congress, agree that the title of the chief magistrate is not in question and cannot be affected. The plans of Blair, Field and Springer have already signally failed, and there is no possibility that these men can accomplish the original purpose. Whatever else is done it is settled that there will be no change in the presidency.

The investigation then, sinks to a level with numerous others that have been conducted by Congress where wrong doing was suspected. If it be simply to find out who has been guilty of crime at the ballot box, and to punish them, no one need object. Such criminals ought to be ferreted out and punished. In fact the people demand it. A full, fair and honest investigation into the alleged frauds of the last election may be of great service in the future. But it must not be a partisan inquiry in the interest of candidates and factions, and should not be confined to one locality nor one set of offenders. Now that the work has been begun, let it be extensive and thorough. Let the political rascals on both sides be found out and punished. Which party will suffer most by such an inquiry it is impossible to tell. It is probable that neither will win any credit, for it is not doubted that intimidation, fraud, and bribery were practiced or attempted in many instances. Indeed numerous facts of this kind have already come to the knowledge of the public, and it is not likely that the whole truth has been told. Both houses of Congress are now at work in this direction and further developments may be expected. Were we sure that the whole is not gotten up for political effect at the next contest we should be glad to have the work go on. No one should object to a genuine, honest and complete investigation, and none but the rascal will be afraid of it. But it is evident that neither party at Washington desires such an inquiry. It is simply a game of hide and seek on a large scale, and we shall be none the wiser nor better when the work is over.

### RHODE ISLAND CONGREGATIONAL CONFERENCE.

WEDNESDAY MEETINGS.

The Conference assembled for devotional exercises at 8½ o'clock. Reports of Committees were offered and accepted.

Mr. George L. Claflin was re-elected Treasurer of the Conference, and Rev. T. Laurie, D. D., as Secretary.

The place selected for the Autumnal Conference was Newport, where it is designed to meet with the Union Church, with Rev. Wm. D. Hart as preacher.

Rev. Dr. Laurie read a biographical sketch of the life of Rev. Jonathan Leavitt, formerly of Providence, and so well known and beloved as a pastor. It was a merited tribute to his memory, and it will be published in the minutes.

The ministerial relief fund was announced as amounting to $3765.88, and the Conference commended this fund to the interest and gifts of the churches.

Rev. Dr. Brown, the new Secretary of the Congregational Union, presented the claims of that Society.

The topic of discussion this morning was "Moral themes in the pulpit." Rev. O. R. Fitts, Rev. Dr. Vose, Rev. Dr. Behrends, Rev. J. O. Thompson, Rev. Dr. Yomen and others participated.

The report of the Committee on the State of Religion, from the pen of Rev. Dr. Vose, and the pastoral letter was read by Rev. O. R. Fitts, and in it was forcibly put the need of maintaining the faith once delivered to the saints. It was voted to print this letter in the minutes.

The Communion was celebrated; Rev. W. I. Fisher and Rev. D. N. Beach officiating, and the Conference adjourned, after a very delightful, harmonious and spirited meeting.

It is sometimes a work of several weeks "to name the baby;" but here is a case where the right word was gotten without even trying. A young lady in Woodstock had her Christian name suggested by an exclamation of her grandmother, who, after adjusting her spectacles to view for the first time the features of the new-born baby, exclaimed, "I declare!" The child was christened, "Ida Clair."

### BEYOND THE FLOOD.

WILLIAM CULLEN BRYANT.

Obit June 12, 1878.

"Sustained and soothed by an unfaltering trust"
Which thee, from earliest youth to ripest age,
Hast taught and shown, thou goest, Poet-Sage,
Thy sudden summons still accounting just,
Submissive to th' inexorable "must,"—
As calmly as thy early song did gage,
To meet the vision of thy later page,—
"Th' eternal Change that waits on growth"—and dost
Find "everlasting Concord, hand in hand"
Therewith, come forth to meet thee, on the strand
Where lapse the "Floods of Years," and thou shalt grow
Acquaint with lore on earth we cannot know,
And mystery we shall never understand,
Till we shall follow thee or thou return'st below.

WILLIAM S. SAUNTLEVY.

Newport, June 12th, 1878.

### PUBLIC OPINION.

The Philadelphia Times calls on Tilden to speak and tell us what he thinks about the fraud.

Senator Hill says: "If anybody attempts to inaugurate a revolution, the ex-rebels will put it down; they will not allow it."

The Boston Post is quite willing to believe that Senator David Davis rides a horse, and says there are some smaller Senators than he who are trying to ride two horses at the same time.

It is now that the Administration fears most the foes in its own household. It was ever thus. The Democrats simply want justice. The sorrowful Republicans want scalps.—[Boston Post.

The call is now for representative working men to step to the front, and consult as to what is best to be done in this time of distress. Respond, and show that representation, not misrepresentation, is what is wanted.—[Fall River Herald.

THE RIVER AND HARBOR STEAL.—The river and harbor appropriation bill, after having been made even worse by the Republican Senate than it was left by the Democratic House, has passed the former august body, and now goes back to the latter, which will no doubt sanction the Senate amendments (?) with a chuckle. Everybody knows that it is in the main, a shameless steal, and it is to be hoped that the president will refuse to sanction it.—[Boston Transcript.

They want Tilden to speak out and say that he doesn't propose to put a torpedo under Hayes's seat. Just as though Sam Tilden ever spoke out. That isn't his way. He whispers. And the Tilden whisper is inimitable. To the experienced student of nature it is a perplexing problem how so much air could be expended with so little sound. It must be a natural gift, for no amount of study could bring the whisper to such perfection. The eye is said to be the mirror of the soul; the Tilden whisper is the soul itself. There is such infinite longing and mystery about it.—[N. Y. Express. (Dem.)

Sitting Bull again looms up. He has been getting up a Congress among the Sioux. This congress will discuss the important questions of buffalo meat, the supply of which is sure to be insufficient on the Canadian side. Buffalo stands in somewhat the same relation to the Sioux congressmen as more currency does to the United States congressman who believes in inflation. The cry of the Sioux is for a greater supply of buffalo, and the expansionists want an addition to the volume of money. Sitting Bull's congress has been accepted by lodges mustering 28,000 warriors. The regular army of the United States is only 25,000. Now if the seventh district of this State could only have a special election and choose General Butler a representative to Sitting Bull's congress, the people of the rest of the Commonwealth would be comparatively happy. —[Boston Transcript.

If instead of taking up so much valuable time in discovering and heralding all over the land the wretched political crimes of certain vagabonds who offered their lying oaths to the highest bidder at the time of the late close political struggle for the Presidency, and in showing, what has never been doubted, that gross frauds, outrageous intimidations and acts of murderous violence were perpetrated around the ballot box in several Southern States, not for any present practical benefit, but simply for temporary political ends, Congress would set itself honestly and earnestly at work to prevent a repetition of such a shameful and dangerous occurrence, the best reparation would be made to the abused moral sense of the better portion of the community, and the reputation of the Republic would be raised among the nations of the earth.—[Zion's Herald.

### WONDERFUL ESCAPE FROM DEATH.

Mr. and Mrs. Jabez Champlin, of this city, have been visiting their children in California for a year past. They started from San Francisco for Providence Tuesday, 4th instant. Sunday morning, 9th instant, some time before daylight, soon after the train had left Brooklyn, Iowa, Mr. Champlin arose in his sleep and walked off the train. Mrs. Champlin was not aware of his absence for an hour or more afterwards. As soon as she missed him, the conductor made search for him through the train, and not finding him, sent telegrams back to several stations enquiring for him. When the train arrived at Davenport, sixty-five miles from Brooklyn, the conductor received a telegram from Brooklyn that the night watchman at the station had found Mr. Champlin lying unconscious by the railroad track some distance from the station, an hour or more after the train had passed, and that he would be sent forward the next morning. He was placed on the next through train, and was joined by his wife at Davenport, and they arrived in this city yesterday afternoon.

Mr. Champlin is severely bruised in the face, side and hip, and is more or less covered with bruises from head to foot. His physician pronounces his injuries severe, but hopes, notwithstanding his advanced age of seventy-six years, that he will soon fully recover.—[Providence Journal.

A most singular affair recently happened near Lynchburg, Va., While Col. A. H. Fulkerson was riding over his farm he was attacked by about 100 swallows, who assailed him with great chattering and pecked away at his face and clothing. He was at first amused at the puny assaults, but the wounds which they soon inflicted upon his face and neck convinced him that he had nothing to laugh at, and he barely escaped with his life. It is feared that he will lose the sight of both eyes, and his nose is so badly mutilated that in all probability it will have to be amputated.

### PROTESTANT EPISCOPAL CONVENTION.

The Convention met for divine service at 10 A. M. Morning prayer and the litany were said by Rev. W. W. Ayer, of St. Paul's Church, Wickford, and Rev. J. E. Lindholm.

The Committee on Canons recommended a slight change in the wording of one of the rules of order. The recommendation was adopted.

Judge Blodgett, of Pawtucket, presented a proposed new canon, establishing a Board of Trustees to take charge of the Borland fund. The amount of the fund was stated to be only $5000, and one or two members of the Convention thought that the establishing of a Board of Trustees to handle so small a sum would be a waste of machinery.

It was stated in reply that the fund was in such a condition that it could be managed to the best advantage by trustees. The proposed canon was referred to the Committee on Canons.

The Committee on Finance reported that they had examined the several accounts referred to them, and all were correct. The report was ordered printed.

The Finance Committee also reported an estimate of the sums needed for the Bishop's salary and Convention expenses the coming year. There would be needed $2517 for the Bishop's salary, and $553 for the Convention expenses; total, $3070. The assessments upon the churches to meet these expenses would be 10 per cent. less than last year.

The Treasurer of the Convention reported trust funds in his hands amounting to $7612. He wished to know what to do with the money. The report was referred to the Committee on Finance.

The terms of office of five members of the Board of Missions were announced to have expired. Four of the members were re-elected. Mr. John B. Anthony declined a re-election, and Dr. William Grosvenor was elected in his stead.

Mr. James M. Cross was re-elected Treasurer and Rev. S. H. Webb, Registrar.

The members of the Standing Committee of the past year were re-elected except Mr. Kilburn, who declined to serve, and Mr. T. P. I. Goddard was elected in his stead.

J. B. Anthony was re-elected a member of the Episcopal fund. Rev. J. W. Colwell was elected a trustee of the General Theological Seminary in place of Mr. Ward.

The Board of Trustees of Churches and Glebes were re-elected; also, the Board of Trustees for the Relief of Widows and Orphans; also, the Depository Board.

Attention was called to the fact of the existence of a vacancy in the member of the Mission Board elected last year, and Rev. Mr. Brewer was chosen to fill it.

The Finance Committee reported that they had examined the report of trust funds, and found the account correct. They wished leave to retain the report, however, and leave was given.

It was voted that the clergymen of the diocese be requested to take a collection on the third Sunday or some other Sunday in June, annually, for the benefit of the Rhode Island Hospital.

The Rev. Dr. Edwards, of the Northwestern Christian Advocate, has in the last number of his paper a stirring editorial on the Potter investigation, in which he offers this advice to Methodists:

"Pray for the Republic—but let no voter go to his knees until he promises God that he will go to the polls this fall and do his duty there. Let every pastor speak out! A church of sixteen hundred thousand members has power with God, and our eleven thousand pastors will serve as an army—each a General. We suggest no party lines, but be sure to preach, pray, vote, and if necessary fight for the Republic. Traitors shall not take the helm!"

Little Willie hunting in all the corners for his shoes, at last appears to give them up, and climbing on a chair, betakes himself to a big book on a side table. Mother says to him: "What is darling doing with the book?" "It ith the dictionary; papa lookth in the dictionary for things, and I'm looking in it to see if I can find my shoes."

A crazy fellow, who aspires to be a leader of the working people at Fall River, said Saturday night: "Before Chinamen shall be allowed to labor here, I'm prepared to do something else. Lord Leitrim was shot. Some manufacturers have not yet been shot." This is the same chap who advised his hearers not to buy the newspapers. He know that, if they read an honest, sensible paper, such talk as his would be at a discount.

Cham, the celebrated Parisian caricaturist, has taken pity on the residents of that city who are inflicted with visits from country relatives during the Exposition. One lady receives her visitors at the door with the salutation, "How good it is of you to come, for you are just in time to assist me in nursing a friend from Rio Janeiro, who has the yellow fever." A gentleman in ushering a relative into the guest chamber suggests: "Be careful about touching that chest, for it is filled with dynamite."

A little urchin being asked, "What is Rhode Island noted for?" replied, "It is the only one of the New England States which is the smallest."
